Park B. Smith, Ltd. Joins 230

As of February 2009, Park B. Smith, Ltd. has moved their showroom over to 230 Fifth Avenue where they have temporarily set up in Suite 1305 until their 18th floor permanent suite is complete.

Established from 1969-1970, the Company bears the same name as its creator, Park B. Smith, who has always been passionate about color and texture. His desire to provide these to the American public at affordable prices led to the creation of Park B. Smith, Ltd.

This dedication led Park B. Smith to a number of accomplishments. He was the first person to concentrate on hand-loomed merchandise in India as well as bring fashion and color where it had only been functional. This introduced great value. Scatter rugs had always been available in natural and linen and he brought color. He also produced the first cotton shower curtain in America. Today, Park B. Smith, Ltd. specializes in bedding, rugs, shower curtains, table linens and window treatments with a customer base made up of department stores, specialty stores, web direct consumers, boutiques and mass merchants.

Robin Wilson Home Introduces New Organic and Eco Friendly Products

Robin Wilson Home, located in Suite 1205 at 230 Fifth Avenue, has introduced new organic and eco friendly products for the NY Tabletop Show. These include a new natural soy candle line, bamboo shower curtains and bamboo towel sets.

Robin Wilson Home's
Natural Soy Candle

The candles are made of 100% natural soy and are hand poured in the USA into 5.5 oz glass jars. They are available in 12 different fragrances that are made of an essential oil, enabling its organic properties. The candles have no petroleum ingredients and have low soot properties due to the self-trimming cotton wick.

The bamboo shower curtains offer several properties, making it the

most luxurious bath amenity yet to hit the market. Measuring 72"x72", this shower curtain is as soft as a blanket and twice as absorbent. It's so absorbent that you could even use it as a towel if you forget to bring your towel with you. Because it's also antibacterial and eco friendly, you don't have to deal with the malodorous mess of a cotton curtain. Shown at the bottom right in the color natural.

The towel sets are available in either 100% bamboo or 70% bamboo / 30% cotton. Currently, the 70/30 is available in natural and 100% is available in sky blue. The towel line includes a bath towel (55"x28"), hand towel (34"x14") and face towel (13"x13").

Circle Glass' Growing Line

In 1982, Circle Glass began operating as a small distributor of glassware. Since then, the company has steadily grown to be a multi-million dollar business servicing major American and international retailers both in private label goods and its own Circle brand.

Circle has been continuously expanding their global market share with sales across South America, Europe, Asia and Africa. In addition to their showroom located in Suite 1114, Circle's corporate headquarters are located in Edison, New Jersey with warehouses in Edison and Los Angeles. With their own procurement and product development office in China, they import products from glassware vendors worldwide. One of their new products is the 3 pc glass domed pedestal dessert stand, offered in 3 sizes: 12", 16" and 19.25".
